INSPIRED COMMUNITIES

CAPE FEAR STATION: *Designed to Inspire*

Known for its natural beauty and exceptional architecture, Bald Head Island is unlike any other coastal town. Now, in the island's premier neighborhood of Cape Fear Station, a vibrant community has sprung to life in partnership with *Southern Living*.

Named for writers highly influenced by the South, cottages and estates within the Inspired Community capture the essence of Southern architecture, with gracious porches, abundant windows and high ceilings. Each home in the neighborhood is distinct, complementing one another to create richly textured streetscapes.

Cape Fear Station's thoughtful land plan fosters belonging and connection among neighbors. With the beach and Shoals Club nearby, the ocean is always calling kids to meet up for a splash. The Common, a park located directly across the street from the neighborhood, regularly hosts gatherings, including Roast & Toast on the Coast, held each fall. Just up the street, the Bald Head Island Conservancy protects the surrounding environment and wildlife, most notably loggerhead sea turtles.

Simply put, the *Southern Living* Inspired Community at Cape Fear Station offers masterfully designed new homes in a picture-perfect setting on Bald Head Island.

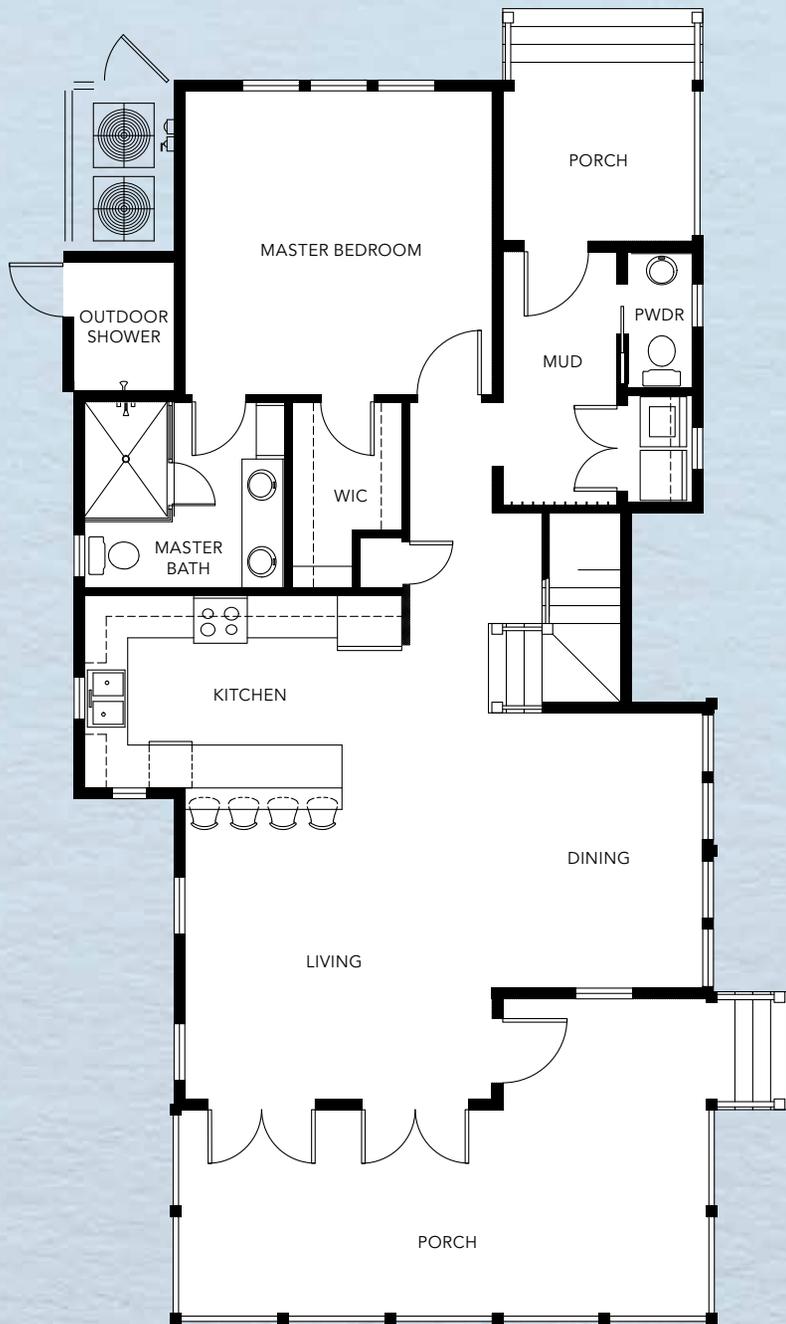

Henry Cottage | 803 FEDERAL ROAD

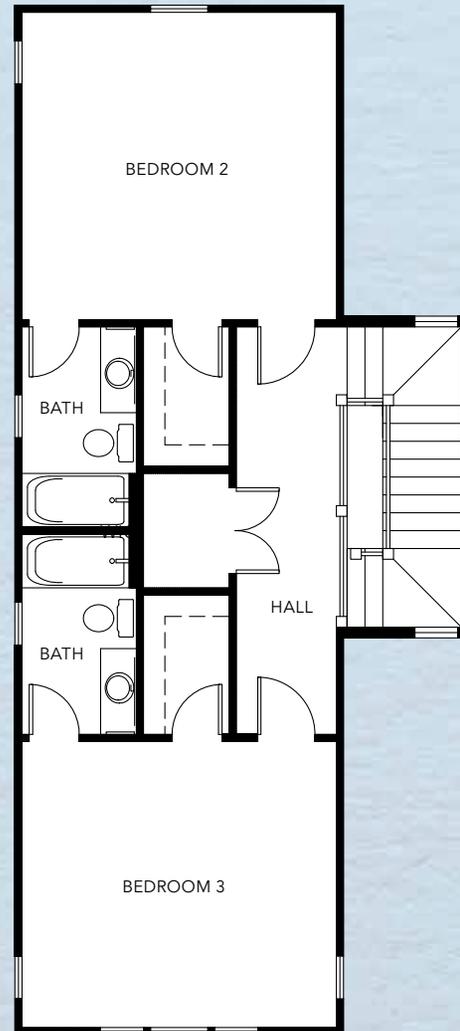

“Each of us, when our day’s work is done, must seek our ideal, whether it be love or pinocle or lobster à la Newburg, or the sweet silence of the musty bookshelves.” — O. HENRY

Just a quick bike ride to the beach, you’ll find the handsome Henry Cottage, a *Southern Living* Inspired Home. The cottage’s open kitchen connects directly to the living and dining areas, making for great flow, while a wide wraparound front porch extends the living areas to the outside. With the master bedroom downstairs and two guest bedrooms at opposite ends of the home upstairs, privacy is maximized. Cleverly hidden bunk beds upstairs add a touch of whimsy and more sleeping for kids. The home is decorated by Southern Studio Interior Design and sold fully furnished.

THE DEVELOPMENT & DESIGN TEAM

Thoughtful land planning, outstanding architecture and quality construction come together in Cape Fear Station on Bald Head Island, recently named the *Southern Living* Inspired Community of the Year.

Bald Head Island's distinctive sense of place, classic coastal architecture, family-friendly atmosphere, and protected natural environment are a direct extension of the values of its developer and land planner, Bald Head Island Limited. Since 1983, the company, owned by the George P. Mitchell Family, has been entrusted with the stewardship and development of this remarkable cape island. The *Southern Living* Inspired Community at Cape Fear Station represents the culmination of Bald Head Island Limited's vision: To create a viable premier island community where people may live in harmony with nature and each other.

Allison Ramsey Architects is a talented and energetic team of designers based out of Beaufort, S.C. Known for their Lowcountry-inspired home plans and their Carolina Inspirations plan book, Allison Ramsey Architects provides a wide range of services, from single family homes to commercial mixed-use; design concepts to construction; from the scale of the building to the scale of the neighborhood. Beyond architectural design, they provide development consultation, Traditional Neighborhood Development implementation, and town planning services.

The *Southern Living* Inspired Community's highly regarded builder is Whitney Blair Custom Homes, two-time winner of the *Southern Living* Custom Builder of the Year award. Founded in 1983, the firm specializes in Southern vernacular design and construction on the southeastern coast of the Carolinas. Their role is to balance function and form with timeless exterior and interior designs to achieve a client's vision, while ensuring the home is energy and environmentally efficient. Clients look to them for individual service and exceptional quality, and they consistently require and deliver the same.
